### DUTIES & TAXES

Duties & Taxes for orders are not included in your order and are over and above any shipping and handling charges. Most countries charge duties on imported items which are levied at the time of port entry, and they vary based on the destination country and the products imported. You will need to pay the applicable duties and taxes directly to the shipping agency (DHL, FedEx etc.) at the time of your order delivery after you receive an invoice by the shipping agent.

### NON-AVAILABILITY ON DELIVERY

Our delivery partners will attempt to deliver the packages three times before they return it to us. Please provide the complete & accurate shipping address including zip-code and a mobile number. If the delivery of a package is declined upon arrival at the destination or in customs for any reason, we will charge a fee to compensate for the time and expense of processing the package's return. Similarly, when the courier is unable to successfully deliver a package to the address provided and instead returns the package to us, regrettably, we will charge a fee.

### LOST, DAMAGE AND STOLEN PACKAGES

Though we always strive to provide a superior customer experience, mail couriers on occasion experience lost, stolen, and/or damaged packages. Unfortunately, we cannot be responsible for the couriers and would not be able to reimburse you in the event that your package is delayed, lost, stolen, or damaged. We'd recommend that you contact the courier directly.

### 3<sup>RD</sup> PARTY RESELLING

We do not allow any stock-list to resell on any 3<sup>rd</sup> party platform. This is to keep a fair marketplace for all our wholesalers and to maintain a level of aesthetics for the brand.

### PRODUCT PROPERTIES AND WASH CARE

All THULI products are handcrafted using the finest natural fibers. The subtle variations in color, texture and finish are intrinsic to hand made products. Our products involve crafts-based traditions of hand spinning, dying, weaving, wood block printing and embroidery. We use both vegetable dyes and commercial dyes with the goal of minimizing our impact on the environment while striving for the best color properties. An irregular weave or print is not a defect - handloom means uncertainty when it comes to uniformity. All our garments are dry-cleaning or hand-wash in cold water.
